Yoga for Everybody is an Alignment oriented style of yoga. Best for adults of literally any level, Yoga for Everybody can offer movement options for intermediates, beginners and complete novices. It will incorporate some components of the Core Strength Vinyasa method for postural support, but overall is a slower moving class that gives you time to observe the details of each posture and balance your effort with ease. You'll gain both strength and flexibility, improve your balance, and move toward a deeper understanding of yourself as a whole, which is what yoga was originally meant to do. *Instructor: Lorrie Blockhus CYT*
